- ▶ +25 hours of direct supervision

Recertification

- ▶ 40 hrs of related CEUs every 2 years
- ▶ 6 hrs of peer recovery ethics

Core Competencies

- ▶ Recovery Oriented
 - ▶ What does recovery look like to you?
- ▶ Person Centered
 - ▶ It's all about them! Not me.
- ▶ Voluntary
 - ▶ It's the person's choice to seek recovery
- ▶ Relationship Focused
 - ▶ Being friendly vs. being friends
 - ▶ Lived experience
- ▶ Trauma Informed
 - ▶ Trained to know when to refer to appropriate resources
 - ▶ Remove barriers

Collaborative & Caring Relationships

- ▶ Initiates contact with peers
- ▶ Active listening
- ▶ Reaches out to engage peers across the whole continuum of recovery process
 - ▶ Treatment (identify, diagnose and stabilize) vs. Recovery
- ▶ Demonstrates genuine acceptance and respect
 - ▶ Lived vs. Learned
- ▶ Demonstrates understanding of peers' experiences and feelings

Provide Support

- ▶ Validates peers' experiences and feelings
- ▶ Encourages exploration and pursuit of community roles
- ▶ Conveys hope to peers about their own recovery
- ▶ Celebrate a person's efforts and accomplishments
- ▶ Provide assistance to help peers accomplish tasks and goals

Shares Lived Experiences

- ▶ Relates their own recovery stories to inspire hope
- ▶ Discuss on going personal efforts of peer to enhance health, wellness and recovery
- ▶ Recognize when to share experiences and when to listen
- ▶ Describe personal recovery practices that help peers discover recovery practices that work for them

Personalized

- ▶ Recognize and respond to the complexities and uniqueness of each peer's process of recovery
- ▶ Understand his/her own personal values and culture and how these may contribute to biases, judgements and beliefs
- ▶ Appreciate and respect cultural and spiritual beliefs and practices of peers and families
- ▶ Tailor services and support to meet preferences and unique needs of peers and their families

Links to resources, services & supports

- ▶ Develops and maintains up-to-date information about community resources and services
- ▶ Assists peers to investigate, select and use needed and desired resources and services
- ▶ Helps peers find and use health services and supports
- ▶ Accompanies peers to community activities and appointments when requested
- ▶ Participates in appropriate community activities with peers when requested

Helps peers manage crises

- ▶ Recognizes signs of distress and threats to safety among peers and in their environments
- ▶ Provides reassurance to peers in distress
- ▶ Strives to create safe spaces when meeting with peers
- ▶ Takes action to address distress or a crisis by using knowledge of local resources, treatment, services and support preferences of peers
- ▶ Assists peers in developing advance directives and other crisis prevention tools

Values Communication

- ▶ Uses respectful, person-centered, recovery-oriented language in written and verbal interaction with peers, family members, community members and others.
- ▶ Uses active listening skills
- ▶ Clarifies their understanding of information when in doubt of the meaning
- ▶ Documents information as required by program policies and procedures
- ▶ Conveys their point of view when working with colleagues

Promotes Leadership and Advocacy

- ▶ Uses knowledge of relevant rights and laws to ensure that peer's rights are respected
- ▶ Advocates for the need and desires of peers in treatment team meetings, community services, living situations and with family
- ▶ Uses knowledge of legal resources and advocacy organizations to build an advocacy plan
- ▶ Participates in efforts to eliminate prejudice and discrimination of people who have behavioral health conditions and their families
- ▶ Actively participates in efforts to improve the organization
- ▶ Maintains a positive reputation in peer/professional communities

Primary Ethical Goals

- ▶ Iatrogenic
 - ▶ Provide support without hindering the peer's personal growth and independence
- ▶ Fiduciary
 - ▶ Fill the expectations to provide peer support
- ▶ Boundary Management
 - ▶ Provide professional support to connections that can fill the needs
- ▶ Multi-Party Vulnerability
 - ▶ Effects of services on community as a whole

Social Determinates of Health (SDOH)

- ▶ Provide support and guidance to assist with a person's improvements.
- ▶ Economic Stability
 - ▶ Employment
 - ▶ Food
 - ▶ Housing
 - ▶ Education
 - ▶ Social and Community (isolation vs. connection)
 - ▶ Health/Health Care
